

NC75 | NC75 STEAMPRO | NC75 STEAMPRO+

Introduction:

In the pursuit for the perfect cup of coffee, we developed the **Nationwide Coffee NC 75** Born to reach the levels of a professional barista, it's engineered to outperform other coffee machines within the same class.

Key Features:

- The metallic body and brewer ensure a long life and high stability with a medium to high usage.
- The pioneering brewing system can vary the internal pressure to create the perfect black coffee, americano and espresso.
- The innovative milk frothing system makes very smooth foam, and effortlessly self-cleans at the touch of a button.
- Two grinders with ceramic flat-type blades accurately grind the coffee beans, bringing out the best flavours within the coffee.
- The 10.1" touch panel is easy to use, offering a wide variety of coffee-based drinks at your fingertips.

Additional Options:

- 4 litre fridge and cup warmer rack
- 2 x 1kg independent powder dispensing system
- Specific rampway unit for auto-disposing grounds
- Telemetry control and E-payment system

Capacity:

Hourly output*

NC 75
